Great, thanks Lars!

Chris,

Lisa Huff, Ginny Kibler, Laura Phillips, Trish Rider, Linda Holst, and myself are the only EPA folks able to attend most of the meeting. Both Kathryn Gallagher and Grace Robiou had prior engagements, so they're unable to attend.

Betsy will be there Wednesday morning to welcome everyone, but then has to head off to another meeting.

On the presentation, Lisa Huff and Trish Rider are the staffers with the most experience and knowledge of the criteria and implementation materials. They will likely tag team the presentation. I'm thinking we won't need 45 minutes to give the background; if you want to give us only 30 minutes, that should work fine.

Thanks!

Lars

Lars - I have been assuming that all the EPA folks on the attached list are confirmed to participate, including Betsy Southlerland for the welcoming. Is that a good assumption? Let me know if there are others that should be listed or changes.

Also, for the presentation providing an overview of the criteria, do you know who will cover that? We may try to print all the PowerPoints for handouts, so if they can share their slides that would be good. Or maybe you guys could just bring copies.

Will be sending an email to everyone on Friday with last minute details.

Thanks,  
Chris

**Subject:** RE: Room Number at Potomac Yard (North Building)?

Address with room number below. I'll actually need you guys to add all the GLEC participants to the attached participants list (name, title, address, email and phone). Need to provide this to EPA on Friday so they can get it to security 48hrs in advance. I'll also be sending an email to all participants about building access... with new rules in place, people from Alaska, American Samoa, Arizona, Louisiana, Maine, Massachusetts, New York, Oklahoma, and Washington will have to have an additional form of ID, beyond their driver's license.

Two Potomac Yard (North Building)  
2733 Crystal Drive – ROOM 4120N  
Arlington, Virginia 22202

-Chris

Chris, we were wondering if there is a room number for the meeting to go with the address and reference to the North Building?

Tyler
